EDUCATION	Seoul National University , Seoul, Korea <i>Ph.D. candidate in Department of Electrical and Computer Engineering</i> • Advisor: Professor Kyomin Jung 2014 - present
	Tsinghua University , Beijing, China <i>B.S. in Department of Automation</i> Jul. 2014
INTERESTS	Asset Management • Machine Learning-driven Asset management Quantitative Trading
PROFESSIONAL EXPERIENCES	Research scientist intern at Samsung Advanced Institute of Technology , Suwon, Korea Jun. 2017 – Aug. 2017 • Neural Machine Translation Undergraduate student researcher intern at UAV Lab, Tsinghua Univ. , Beijing, China Mar. 2013 – Jul. 2014 • Intelligent control of UAV • UAV Tracking Engineering assistant intern at HUENS , Uiwang, Korea Feb. 2012 – Mar. 2012
ACADEMIC ACTIVITIES	Reviewer IEEE Access, 2020 IEEE International Conference on Data Mining (Co-reviewer), 2019 Jordanian Journal of Computers and Information Technology, 2019 International Workshop on Semantic Evaluation, 2018 Teaching Assistant Topics in Computer and VLSI (Machine Learning), Seoul Nat'l Univ. Spring 2017 Advanced Programming Methodology(Algorithm), Seoul Nat'l Univ. Spring 2016 Programming Methodology, Seoul Nat'l Univ. Spring 2015

SKILLS	Excellence in Programming Languages: Python	
	Excellence in Deep Learning Framework: Tensorflow, Pytorch, Theano	
	Familiarity with Web application programming: Django	
HONORS AND AWARDS	2nd place in time expression recognition subtask in task 10, SemEval	2021
	5th / 1st place in English/Spanish subtask in task 1, SemEval	2018
	Chinese Government Scholarship , China Scholarship Council	2012
	Beijing Government Scholarship for International Students , Beijing Government Scholarship	2011
	2nd place on Electronic Technology Practice , Tsinghua University	2011
